# Committees responsible for this British Standard

The preparation of this British Standard was entrusted to Technical Committee ACE/16, Wrought and cast copper alloys and miscellaneous metallic materials for aerospace, upon which the following bodies were represented:

British Non-Ferrous Metals Federation

Copper Development Association

Ministry of Defence

Society of British Aerospace Companies Ltd.

This British Standard, having been prepared under the direction of the Engineering Sector Policy and Strategy Committee, was published under the authority of the Standards Policy and Strategy Committee on 19 December 2001

© BSI 19 December 2001

First published October 1991
Second edition December 2001

The following BSI references relate to the work on this British Standard
