National foreword

This British Standard is the official English language version of EN 13048:2000. This standard, together with BS EN 13045, BS EN 13046, and BS EN 13047 supersedes BS 1133-10.3:1990, *Metal collapsible tubes*, which is withdrawn; supersedes those terms for collapsible tubes, defined in BS 3130-4:1976, *Metal containers and aerosols*, and partially supersedes BS 2006:1984, *Specification for aluminium collapsible tubes*, which is currently under review.

The UK participation in its preparation was entrusted by Technical Committee PKW/2, Primary packaging, to Subcommittee PKW/2/6, Packaging made from flexible materials, which has the responsibility to:

— aid enquirers to understand the text;

— present to the responsible European committee any enquiries on the interpretation, or proposals for change, and keep the UK interests informed;

— monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this subcommittee can be obtained on request to its secretary.

Cross-references

The British Standards which implement international or European publications referred to in this document may be found in the BSI Standards Catalogue under the section entitled "International Standards Correspondence Index", or by using the "Find" facility of the BSI Standards Electronic Catalogue.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.
