Foreword

Publishing information

This part of BS 8520 is published by BSI and came into effect on 31 December 2009. It was prepared by Subcommittee HS/1/1, *Asbestos* under the authority of Technical Committee HS/1 *Occupational health and safety management*. A list of organizations represented on this committee can be obtained on request to its secretary.

Supersession

This British Standard is based on PAS 60-1:2004, which is withdrawn.

Relationship with other publications

This British Standard is one part of a series, *Equipment used in the controlled removal of asbestos-containing materials*, the other parts of which are:

- *Part 2: Negative pressure units – Specification;*
- *Part 3: Operation, cleaning and maintenance of class H vacuum cleaners – Code of practice.*

This British Standard is one of three parts developed from the PAS 60 documents, *Equipment used in the controlled removal of asbestos-containing materials*:

- *Part 1: Controlled wetting of asbestos-containing materials – Specification*;
- *Part 2: Negative pressure units – Specification*;
- *Part 3: Operation, cleaning and maintenance of class H vacuum cleaners – Code of practice.*

Hazard warnings

WARNING. This British Standard calls for the use of substances and/or procedures that can be injurious to health if adequate precautions are not taken. It refers only to technical suitability and does not absolve the user from legal obligations relating to health and safety at any stage.

Use of this document

It has been assumed in the preparation of this British Standard that the execution of its provisions will be entrusted to appropriately qualified and experienced people, for whose use it has been produced.

Presentational conventions

The provisions of this standard are presented in roman (i.e. upright) type. Its requirements are expressed in sentences in which the principal auxiliary verb is “shall”.

Commentary, explanation and general informative material is presented in smaller italic type, and does not constitute a normative element.
