National foreword

This British Standard has been prepared under the direction of the Aerospace Standards Policy Committee and is the English language version of EN 2858-3:1994, *Aerospace series. Titanium and titanium alloys. Forging stock and forgings. Technical specification. Part 3 — Pre-production and production forgings,* published by the European Committee for Standardization (CEN).

EN 2858-3:1994 was produced as a result of international discussion in which the United Kingdom took an active part.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.
