Committees responsible for this British Standard

The preparation of this British Standard was entrusted to Technical Committee TCI/25, Chemical properties, upon which the following bodies were represented:

Association of Consulting Scientists
Association of Suppliers to the British Clothing Industry
British Retail Consortium
British Textile Confederation
Chemical Industries Association
Home Laundering Consultative Council
International Wool Secretariat
Mail Order Traders' Association
Ministry of Defence
National Wool Textile Export Corporation
SATRA Footwear Technology Centre
Soap and Detergent Industry Association
Society of Dyers and Colourists
Textile Finishers' Association
Textile Research Council (FCRA)

Participation in the detailed technical work was undertaken by the Society of Dyers and Colourists.

This British Standard, having been prepared under the direction of the Sector Board for Materials and Chemicals, was published under the authority of the Standards Board and comes into effect on 15 July 1995

National foreword

This British Standard has been prepared by Technical Committee TCI/25 and is the English language version of EN ISO 105-N05:1995 *Textiles — Tests for colour fastness — Part N05: Colour fastness to stoving,* published by the European Committee for Standardization (CEN), which is identical with ISO 105-N05:1993, published by the International Organization for Standardization (ISO).

This British Standard supersedes the corresponding method in BS 1006:1990, which is deleted by amendment.

Cross-references

Publication referred to	Corresponding British Standard
ISO 105-A01:1989	BS EN 20105 *Textiles — Tests for colour fastness* Part A01:1993 *General principles of testing*
ISO 105-A02:1993	Part A02:1993 *Grey scale for assessing change in colour*
ISO 105-A03:1993	Part A03:1993 *Grey scale for assessing staining*
ISO 105-F:1985	BS 1006:1990 *Methods of test for colour fastness of textiles and leather* (Section F)
ISO 105-F10:1989	BS 1006:1990 *Methods of test for colour fastness of textiles and leather* (Section F10)

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, the EN ISO title page, pages 2 to 6, an inside back cover and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.
