1. Reaffirmation and Continuance of the Fifteenth Edition of the Standard for Armored Cable, UL 4, as an American National Standard

RATIONALE

Proposal submitted by: John Wade, STP Chair – Underwriter's Laboratories Inc.

UL is proposing to reaffirm the ANSI approval of UL 4. The status of ANSI approval is required to be updated by a positive, consensus reaffirmation of the standard by the STP if the standard has not been otherwise updated in the consensus process during the preceding five years.

UL is seeking only to maintain the currently published requirements in UL 4 as an American National Standard. There are no new revisions being proposed at this time. A reaffirmation is a Yes/No vote provided by the STP on whether or not to reaffirm the standard ″as is″. Any specific comment on the standard or proposed change to the standard should be submitted as a new Proposal Request in CSDS for future consideration.
