Summary of Topics

This bulletin announces the availability of the Outline of Investigation for Insulated Bus Pipes, UL 1366.

Underwriters Laboratories Inc. has issued an Outline of Investigation for Insulated Bus Pipes. The outline covers:

a) Insulated Bus Pipe (IBP) having ac voltage ratings up to 46 kV;

b) Equipment intended for use only in ordinary locations in accordance with ANSI/NFPA 70, the National Electrical Code (locations other than those identified as "Hazardous" or "Classified Locations"); and

c) IBP for installation above ground for indoor use and outdoor use, in areas which are accessible to qualified persons only.

Manufacturers interested in submitting equipment for Listing or Recognition should contact UL's Customer Service at 1-877-854-3577 or e-mail at cec@ul.com.

The UL 1366 Outline is available for purchase from COMM-2000 at 151 Eastern Ave, Bensenville, IL 60106, by phone in the USA and Canada: 1-888-853-3503, by fax in the USA and Canada: 1-888-853-3512, by phone from other countries: INT+1 415-352-2168, by fax from other countries: INT+1 630-932-7387, or from COMM-2000 on-line at http://www.comm-2000.com.
