Foreword

These Guidance Notes outline alternative arrangements of yachts that may be accepted based on approval by the flag Administration. These Guidance Notes address key design issues that are increasingly applied to the new construction of yachts. The recommendations in these Guidance Notes are based on the MCA LY3 Code, as well as IMO Unified Interpretations (UI) TM.5/Circular 6. Technical background is also provided.

These Guidance Notes cover statutory requirements including the MCA LY3 Code, the International Convention on Load Lines (ICLL), and the International Convention on Tonnage Measurement. This document also discusses statutory requirements that have been adopted into the *ABS Guide for Building and Classing Yachts*.

These Guidance Notes become effective on the first day of the month of publication.

Users are advised to check periodically on the ABS website www.eagle.org to verify that this version of these Guidance Notes is the most current.

We welcome your feedback. Comments or suggestions can be sent electronically by email to rsd@eagle.org.

Terms of Use

The information presented herein is intended solely to assist the reader in the methodologies and/or techniques discussed. These Guidance Notes do not and cannot replace the analysis and/or advice of a qualified professional. It is the responsibility of the reader to perform their own assessment and obtain professional advice. Information contained herein is considered to be pertinent at the time of publication, but may be invalidated as a result of subsequent legislations, regulations, standards, methods, and/or more updated information and the reader assumes full responsibility for compliance. This publication may not be copied or redistributed in part or in whole without prior written consent from ABS.

GUIDANCE NOTES ON YACHT DESIGN

CONTENTS

SECTION 1	General	1
1	Introduction	1
3	Scope and Application	1
5	Flag and Recognized Organization	1
7	Process for Granting Equivalency for Statutory Requirements	1
9	Change of Flag	2
11	Definitions	2
13	Abbreviations and Acronyms	2
SECTION 2	Buoyancy and Stability	3
1	General	3
3	Doorways, Companionway and Access Sill Heights	3
3.1	Negative Door Sill Height	3
3.3	Reduced Sill Height of Door Openings	4
3.5	Reduced Sill of Hatch Opening	4
5	Storm Shutters on Window	4
7	Portlights, Windows, and Deadlight Cover	5
7.1	Portlights	5
7.3	Portable Deadlight Covers	5
9	Reduced Freeing Ports	5
11	Glazed Bulwark	5
13	Portable Ventilator Covers	5
15	Rupture Discs	6
15.1	General	6
15.3	Location	6
15.5	Installation	6
15.7	Damage Stability	6
15.9	Annual Survey	6
15.11	Guidance for Master/Crews	7

SECTION 3	Tonnage	8
1	General	8
3	Above Deck Enclosed Space Guidelines	8
3.1	Enclosed Space Exceptions	8
3.3	Inaccessible Spaces (Enclosed Bulwark, Fairing Structure, Engine Room Air Trunk, etc.)	8
3.5	Furniture, Sofas, and Beds on Open Decks	8
3.7	False Ceilings	8
3.9	Enclosed Space Covered by Gratings	8
APPENDIX 1	References	9
