Infection Control for Dental Information Systems

AMERICAN DENTAL ASSOCIATION TECHNICAL REPORT NO. 1006 FOR INFECTION CONTROL FOR DENTAL INFORMATION SYSTEMS

The Council on Dental Practice of the American Dental Association has approved American Dental Association Technical Report No. 1006 for Infection Control for Dental Information Systems. Working Groups of the ADA Standards Committee on Dental Informatics (SCDI) formulate this and other technical reports and specifications for the application of information technology and other electronic technologies to dentistry's clinical and administrative operations. The ADA SCDI has representation from appropriate interests in the United States in the standardization of information technology and other electronic technologies used in dental practice. Approval of ADA Technical Report No. 1006 was confirmed by the ADA SCDI on May 17, 2002.

The Council thanks the working group members and the organizations with which they were affiliated at the time the technical report was developed:

Gregory Zeller (Chairman), U.S. Department of Veteran Affairs, Washington, DC; Scott D. Benjamin, Advanced Integration & Mentoring, Inc., Hancock, NY; Neil L. Frederiksen, American Academy of Oral and Maxillofacial Radiology, Dallas, TX; Ekramul Khan, Cieos, Inc., Totowa, NJ; and Robert Stark, Comprehensive Dental Technologies, Oklahoma City, OK.
