IMPORTANT

SAFETY RECOMMENDATIONS

It is strongly recommended that the product be designed, constructed, assembled and installed in accordance with nationally recognized safety requirements appropriate for products covered by this guideline.

AHRI, as a manufacturers' trade association, uses its best efforts to develop guidelines, employing state-of-the-art and accepted industry practices. However, AHRI does not certify or guarantee safety of any products, components or systems designed, tested, rated, installed or operated in accordance with these guidelines or that any tests conducted under its guidelines will be non-hazardous or free from risk.

Note:

This guideline supersedes AHRI Guideline Q-2001.
