IMPORTANT

SAFETY DISCLAIMER

AHRI does not set safety standards and does not certify or guarantee the safety of any products, components or systems designed, tested, rated, installed or operated in accordance with this standard/guideline. It is strongly recommended that products be designed, constructed, assembled, installed and operated in accordance with nationally recognized safety standards and code requirements appropriate for products covered by this standard/guideline.

AHRI uses its best efforts to develop standards/guidelines employing state-of-the-art and accepted industry practices. AHRI does not certify or guarantee that any tests conducted under its standards/guidelines will be non-hazardous or free from risk.

Note:

This standard has been withdrawn because the terms and values produced by using it have not been widely accepted and are no longer supported by the member companies.

This standard supersedes ANSI/AHRI Standard 280-2008.
Withdrawn from publication on 6 October 2022.

Approved as an American National Standard (ANS) on 17 April 2012.
ANS administratively withdrawn on 13 May 2022.
