NATIONAL AEROSPACE STANDARD

AEROSPACE INDUSTRIES ASSOCIATION OF AMERICA, INC., 1725 DE SALES STREET, N. W., WASHINGTON, D. C. 20036

INACTIVE FOR DESIGN AFTER 30 NOVEMBER 2012

1.0 **SCOPE** This standard provides a method for skin packaging of items by use of thermoformed plastic skin on a backing board.

2.0 REFERENCES

2.1 General Packaging Standard NAS 850.

3.0 REQUIREMENTS

3.1 GENERAL

3.1.1 Requirements of General Packaging Standard NAS 850 are a part of this standard except as noted herein.

3.2 UNIT PACKAGING

3.2.1 The quantity per unit package shall be as follows, unless otherwise specified by the procurement document:

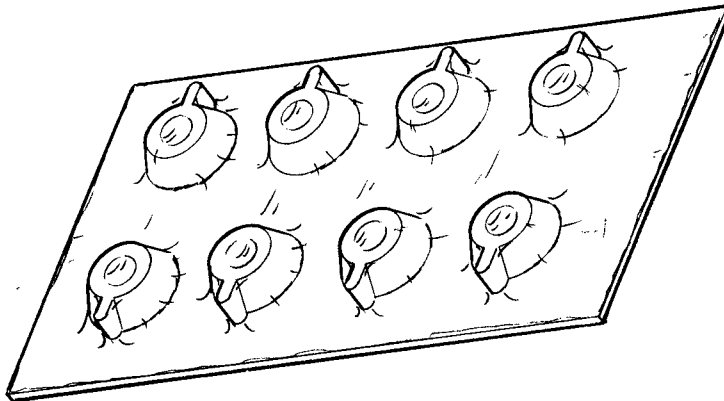

One (1) each or multiples of five (5) each

3.2.2 Like items shall be positioned on backing board with sufficient area between each item to provide a secure seal and to facilitate individual issue by cutting or use of perforations.

3.2.3 Items shall be secured to the backing board with a transparent plastic film which conforms to the configuration of the item and adheres to the backing board.

3.2.4 Film shall be of sufficient strength and thickness to adequately restrict and contain the items.

3.2.5 Items adversely affected by the degree of heat involved in this process shall not be skin packaged.

UNIT PACKAGE

3.3 INTERMEDIATE PACKAGING

3.3.1 Intermediate packaging shall be in accordance with applicable requirements of NAS 850.

3.3.2 Completed skin packaged boards may be rolled or folded to reduce intermediate pack size providing this will have no detrimental effect on packaged items.

3.3.3 Skin packaged items susceptible to damage by contact with adjacent boards shall be protected by the use of blocking, sleeving, separators or dunnage.

3.4 PACKING

3.4.1 Exterior packing shall be in accordance with applicable requirements of NAS 850.

3.5 MARKING

3.5.1 Unit, intermediate, and exterior containers shall be marked in accordance with applicable requirements of NAS 850.

3.5.2 Unit container markings as specified in NAS 850 shall be provided each item positioned on backing boards to facilitate individual item issue.

3.5.3 Markings may be imprinted directly on the backing boards or on labels.

4.0 QUALITY ASSURANCE

4.1 Packages which do not conform to these requirements are subject to rejection and return to supplier at his expense.
