Attention Users of this Publication: Portions of this publication have been changed from the previous edition. The location of changes has been marked with a bar in the margin. In some cases the changes are significant, while in other cases the changes reflect minor editorial adjustments. The bar notations in the margins are provided as an aid to users to identify those parts of this publication that have been changed from the previous edition, but API makes no warranty as to the accuracy of such bar notations.

Note:

This third edition supersedes the second edition of RP 13G dated May 1982 and represents changes adopted at the 1990 Standardization Conference, and subsequently approved by letter ballot.

Requests for permission to reproduce or translate all or any part of the material published herein should be addressed to the Director, American Petroleum Institute, Production Department, 1201 Main Street, Suite 2535, Dallas TX 75202-3904.
