

AS/NZS 11801.1:2019
Information technology — Generic cabling for customer premises
Part 1: General requirements (ISO/IEC 11801-1:2017, MOD)

Amendment No. 1

Revised text amendment

Publishing and Approval Dates

Council of Standards Australia Approval: 24 November 2022

Published: 9 December 2022

Summary

This Amendment applies to the following elements:

- Designation
- Preface
- Appendices ZZ, ZA and ZB

Amendment Details

AS/NZS 11801.1:2019 is amended as follows. The amendments should be inserted in the locations as instructed.

Element	Instruction/New text
Designation	Delete “AS/NZS 11801.1” and <i>replace</i> with “AS 11801.1” in all instances across the entire document.

Element	Instruction/New text
Preface	
1	After the first paragraph, <i>delete</i> “In Australia:” and the four listed items that immediately follow and <i>replace</i> with the following: AS 11801.1, in conjunction with AS 11801.2, supersedes AS/NZS 3080:2013, <i>Information technology—Generic cabling for customer premises (ISO/IEC 11801:2011, MOD)</i> AS 11801.1, in conjunction with AS 11801.3, supersedes AS/NZS ISO/IEC 24702:2007, <i>Telecommunications installations — Generic cabling — Industrial premises</i> AS 11801.1, in conjunction with AS 11801.4, supersedes AS/NZS ISO/IEC 15018:2005, <i>Information technology—Generic cabling for homes</i> AS 11801.1, in conjunction with AS 11801.5, supersedes AS/NZ ISO/IEC 24764:2012, <i>Generic cabling systems for data centres</i>
2	<i>Delete</i> “In New Zealand:” and the four listed items that immediately follow.
3	After the list of superseded standards, <i>add</i> the following new paragraph: Amendment No. 1 to this Standard was prepared by the Australian members of the Joint Standards Australia/Standards New Zealand Committee CT-001, Communications Cabling. As a consequence of Amendment No. 1, which is published as an Australian-only amendment, this Standard will be redesignated from AS/NZS 11801.1 to AS 11801.1.
4	Second paragraph, <i>delete</i> the first sentence and <i>replace</i> with the following: The objective of this Standard is to specify requirements that are common to the other parts of the AS 11801 series.
5	After the second paragraph, <i>delete</i> list and <i>replace</i> with the following: This Standard specifies the following: (a) In Australia, the fundamental structure and configuration of generic cabling requirements within the types of premises defined by the other parts of the AS 11801 series. (b) Channel transmission and environmental performance requirements. (c) Link performance requirements. (d) Backbone cabling reference implementations in support of the parts of the AS 11801 series. (e) Component performance requirements, referring to available International Standards for components and test methods where appropriate. (f) Test procedures to verify conformance to the cabling transmission performance requirements of the AS 11801 series.
6	In list item (iii), <i>delete</i> “and New Zealand”.
7	<i>Delete</i> list item (iv) and <i>replace</i> with the following: (iv) Appendix ZA provides information on the location of requirements related to modular plug terminated links (MPTL) that were contained in this Standard prior to Amendment No. 1. Requirements for MPTL are now contained within AS 14763.4.
8	In list item (A), <i>delete</i> “this Australia/New Zealand Standard” and <i>replace</i> with “this Australian Standard”.
App ZZ	In the heading, <i>delete</i> “and New Zealand”.
Cl ZZ.2	
1	In the first sentence, <i>delete</i> “and New Zealand”.
2	<i>Delete</i> Cl 2 Instruction 1 and <i>replace</i> with the following: After the first paragraph, <i>add</i> the following:
