

Australian Standard™

Laboratory glassware—Test tubes

This Australian Standard was prepared by Committee CH/1, Laboratory Glassware and Related Apparatus. It was approved on behalf of the Council of Standards Australia on 31 August 1999 and published on 5 October 1999.

The following interests are represented on Committee CH/1:

Australian Chamber of Commerce and Industry
Environment Protection Authority, N.S.W.
National Association of Testing Authority Australia
National Standards Commission
Royal Australian Chemical Institute
Royal College of Pathologists of Australasia
Scientific Suppliers Association of Australia
University of Sydney

Keeping Standards up-to-date

Standards are living documents which reflect progress in science, technology and systems. To maintain their currency, all Standards are periodically reviewed, and new editions are published. Between editions, amendments may be issued. Standards may also be withdrawn. It is important that readers assure themselves they are using a current Standard, which should include any amendments which may have been published since the Standard was purchased.

Detailed information about Standards can be found visiting the Standards Australia web site at www.standards.com.au and looking up the relevant Standard in the on-line catalogue.

Alternatively, the printed Catalogue provides information current at 1 January each year, and the monthly magazine, *The Australian Standard*, has a full listing of revisions and amendments published each month.

We also welcome suggestions for the improvement in our Standards, and especially encourage readers to notify us immediately of any apparent inaccuracies or ambiguities. Contact us via email at mail@standards.com.au, or write to the Chief Executive, Standards Australia International Ltd. PO Box 1055, Strathfield., NSW 2135.

This Standard was issued in draft form for comment as DR 99101.

Australian Standard™

Laboratory glassware—Test tubes

Originated as AS 2244—1979.
Second edition 1999.
