

Australian Standard[®]

**Materials for solar collectors for
swimming pool heating**

Part 1: Rubber materials

This Australian Standard was prepared by Committee CS/28. It was approved on behalf of the Council of Standards Australia on 21 May 1990 and published on 17 September 1990.

The following interests are represented on Committee CS/28:

Australian and New Zealand Solar Energy Society
Australian Gas Association
CSIRO, Division of Building, Construction and Engineering
Department of Business and Consumer Affairs, N.S.W.
Department of Administrative Services, Australian Construction Services
Department of Industrial Relations and Employment, N.S.W.
Department of Mines and Energy, N.T.
Department of Primary Industries and Energy
Electricity Supply Association of Australia
Department of Energy, N.S.W.
Engineering and Water Supply Department, S.A.
Gas and Fuel Corporation of Victoria
Master Plumbers and Mechanical Services Association of Victoria
Melbourne and Metropolitan Board of Works
Metal Trades Industry Association of Australia
Solar Energy Industries Association of Australia
Trade Practices Commission
University of New South Wales
Victorian Solar Energy Council

Additional interests participating in preparation of Standard:

Plastics Institute of Australia
Rubber Manufacturers' Association of Australia

Review of Australian Standards. To keep abreast of progress in industry, Australian Standards are subject to periodic review and are kept up to date by the issue of amendments or new editions as necessary. It is important therefore that Standards users ensure that they are in possession of the latest edition, and any amendments thereto.

Full details of all Australian Standards and related publications will be found in the Standards Australia Catalogue of Publications; this information is supplemented each month by the magazine 'The Australian Standard', which subscribing members receive, and which gives details of new publications, new editions and amendments, and of withdrawn Standards.

Suggestions for improvements to Australian Standards, addressed to the head office of Standards Australia, are welcomed. Notification of any inaccuracy or ambiguity found in an Australian Standard should be made without delay in order that the matter may be investigated and appropriate action taken.

This Standard was issued in draft form for comment as DR 89014.

Materials for solar collectors for swimming pool heating

Part 1: Rubber materials

RECONFIRMATION NOTICE

Technical Committee CS-028 has reviewed the content of this publication and in accordance with Standards Australia procedures for reconfirmation, it has been determined that the publication is still valid and does not require change.

Certain documents referenced in the publication may have been amended since the original date of publication. Users are advised to ensure that they are using the latest versions of such documents as appropriate, unless advised otherwise in this Reconfirmation Notice.

Approved for reconfirmation in accordance with Standards Australia procedures for reconfirmation on 1 May 2013.

The following are represented on Technical Committee CS-028:

Australian Building Codes Board
Australian Chamber of Commerce and Industry
Australian Industry Group
Australian Institute of Refrigeration Air Conditioning and Heating
Australian Solar Cooling Interest Group
Australian Solar Council
Clean Energy Council
Consumer Electronics Suppliers Association
CSIRO
Department of Climate Change and Energy Efficiency
Electrical Compliance Testing Association
Gas Appliance Manufacturers Association of Australia
James Cook University
Office of the Renewable Energy Regulator
Sustainability Victoria
The University of New South Wales
University of South Australia
