## Methods of test for pulp and paper

### Method 442s: Water absorption of solid fibreboard (total immersion)

---

[ISO title: Paper and board—Determination of water absorption after immersion in water]

This Joint Australian/New Zealand Standard was prepared by Joint Technical Committee PK/19, Methods of Test for Pulp and Paper. It was approved on behalf of the Council of Standards Australia on 30 October 1998 and on behalf of the Council of Standards New Zealand on 12 October 1998. It was published on 5 December 1998.

---

The following interests are represented on Committee PK/19:

Appita Inc.  
AusInfo  
CSIRO Forestry and Forest Products  
Forest Research, New Zealand  
National Association of Forest Industries  
New Zealand Pulp and Paper Industry Association  
Printing Industries Association of Australia  
Pulp and Paper Manufacturers Federation of Australia

Additional interests participating in preparation of Standard:

Manufacturers of paper testing instruments  
Paper manufacturers  
Pulp manufacturers  
Research interests  
Suppliers of paper testing instruments

---

**Review of Standards.** To keep abreast of progress in industry, Joint Australian/New Zealand Standards are subject to periodic review and are kept up to date by the issue of amendments or new editions as necessary. It is important therefore that Standards users ensure that they are in possession of the latest edition, and any amendments thereto.

Full details of all Joint Standards and related publications will be found in the Standards Australia and Standards New Zealand Catalogue of Publications; this information is supplemented each month by the magazines 'The Australian Standard' and 'Standards New Zealand', which subscribing members receive, and which give details of new publications, new editions and amendments, and of withdrawn Standards.

Suggestions for improvements to Joint Standards, addressed to the head office of either Standards Australia or Standards New Zealand, are welcomed. Notification of any inaccuracy or ambiguity found in a Joint Australian/New Zealand Standard should be made without delay in order that the matter may be investigated and appropriate action taken.
