

STANDARDS AUSTRALIA/STANDARDS NEW ZEALAND

Amendment No. 3
to
AS/NZS 1698:2006
Protective helmets for vehicle users

REVISED TEXT

The 2006 edition of AS/NZS 1698 is amended as follows; the amendment should be inserted in the appropriate place.

SUMMARY: This Amendment applies to Clause 5.3.

Published on 14 December 2011.

Approved for publication in New Zealand on behalf of the Standards Council of New Zealand on 14 November 2011.

AMDT
No. 3

Clause 5.3

Delete text of Clause 5.3 and *replace* with the following:

There shall be no exposed sharp edges on the inside of the helmet, and rigid projections shall be covered or completely surrounded with padding.

Internal rigid projections that are located above the basic plane of the helmet shall comply with the requirements of Clause 7.7.

Any rigid projection should be of such location and size as will be unlikely to allow the projection to cause injury to the wearer.

NOTE: Energy-absorbing materials, chamfering of projection corners, padding, and a maximum height of 5 mm will reduce the likelihood of injury.
