

STANDARDS AUSTRALIA/STANDARDS NEW ZEALAND

Amendment No. 2
to
AS/NZS 2381.1:2005
Electrical equipment for explosive gas atmospheres—Selection, installation and maintenance
Part 1: General requirements

CORRECTION

The 2005 edition of AS/NZS 2381.1 is amended as follows; the amendments should be inserted in the appropriate places.

SUMMARY: This Amendment applies to Clause 2.6.1 and Appendix I.

Published on 19 December 2006.

Approved for publication in New Zealand on behalf of the Standards Council of New Zealand on 8 December 2006.

Delete the last paragraph (before the NOTES) and *replace* with the following:

‘Equipment certified under the IECEx Scheme and registered on the IECEx database (www.iecex.com) or the ANZEx Scheme registered on the Administering Body database (www.anzex.com.au) meets these criteria and no further consideration is necessary. Equipment certified under the AUSEx Scheme is acceptable.’

Page 83 Paragraph I1

Delete the 6th paragraph starting ‘For details about AUSEx Certificates....’ and *replace* with the following:

‘For details about AUSEx Certificates visit the Administering Body website (www.anzex.com.au).’

Page 84 Paragraph I2

Delete the 4th paragraph starting ‘While further details are available from....’ and *replace* with the following:

‘While further details are available from MP 87, additional information concerning Certification and Testing Bodies along with a database of issued certificates are available by visiting the Administering Body website (www.anzex.com.au).’
