Accident Compensation Corporation
 Consumers Institute
 Department of Labour
 Department of Scientific & Industrial Research
 Institution of Professional Engineers of New Zealand
 Medical Association
 Ministry of Commerce
 Ministry of Transport
 National Council of Women
 New Zealand Chemical Industry Council
 New Zealand Manufacturers Federation

Review of Standards

To keep abreast of progress in industry, Australian and New Zealand Standards are subject to periodic review and are kept up to date by the issue of amendments or new editions as necessary. It is important therefore that Standards users ensure that they are in possession of the latest edition, and any amendments thereto.

Full details of all publications of the Standards Association of New Zealand and Standards Australia will be found in the Catalogue of Publications of the respective organization; this information is supplemented in their monthly magazines, which subscribing members receive, and which give details of new publications, new editions and amendments, and of withdrawn Standards.

Suggestions for improvements to Australian and New Zealand Standards, addressed to the head office of the relevant organizations are welcomed. Notification of any inaccuracy or ambiguity found in either an Australian or New Zealand Standard should be made without delay in order that the matter may be investigated and appropriate action taken.
