

# Electrical installations and safety practices — Film, video and television sites

## Amendment No. 1

### Revised text amendment

#### Publishing and Approval Dates

Council of Standards Australia Approval: 19 October 2023

New Zealand Standards Approval Board Approval: 4 October 2023

#### Summary

This Amendment applies to the following elements:

- Clauses 1.3 and 3.6.1.2
- Bibliography

#### Amendment Details

AS/NZS 4249:2022 is amended as follows. The amendments should be inserted in the locations as instructed.

| Element    | Instruction/New text                                                                                                                                                                                                                                                                                                                              |
|------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| CI 1.3     | 1 Delete “AS/NZS 3199, Approval and test specification — Cord extension sets”.                                                                                                                                                                                                                                                                    |
|            | 2 After “AS/NZS 4836, Safe working on or near low-voltage electrical installations and equipment”, add the following:<br>AS/NZS 60320, Appliance couplers for household and similar general purposes                                                                                                                                              |
|            | 3 Delete “IEC 60309-2, Plugs, fixed or portable socket-outlets and appliance inlets for industrial purposes — Part 2: Dimensional compatibility requirements for pin and contact-tube accessories” and replace with the following:<br>IEC 60309 (all parts), Plugs, fixed or portable socket-outlets and appliance inlets for industrial purposes |
| CI 3.6.1.2 | 1 First paragraph, delete “Cord extension sets for a limited-duration film, television or video site shall comply with AS/NZS 3199.”                                                                                                                                                                                                              |
|            | 2 Second paragraph, delete “Cord extension sets” and replace with “Detachable connections”.                                                                                                                                                                                                                                                       |
|            | 3 Item (a)(iii), delete “IEC 60309-2.”, and replace with “IEC 60309 (all parts); or”                                                                                                                                                                                                                                                              |
|            | 4 After Item (a)(iii), add the following new list item:<br>(iv) AS/NZS 60320 (all parts).                                                                                                                                                                                                                                                         |
|            | 5 Item (b), delete “cord extension”.                                                                                                                                                                                                                                                                                                              |
|            | 6 Item (b) (iii), delete “IEC 60309-2.”, and replace with “IEC 60309 (all parts); or”.                                                                                                                                                                                                                                                            |
|            | 7 After Item (b)(iii), add the following new list item:<br>(iv) AS/NZS 60320 (all parts).                                                                                                                                                                                                                                                         |

| Element | Instruction/New text                                                                                                                                                               |
|---------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|         | 8 After the NOTE, <i>add</i> the following:<br>NOTE 2 AS/NZS 3199 provides guidance about the assembly of cord extension sets.                                                     |
| Biblio  | After “AS/NZS 3100, <i>General requirements for electrical equipment</i> ”, <i>add</i> the following:<br>AS/NZS 3199, <i>Approval and test specification — Cord extension sets</i> |
