AS/NZS 4404:1996

This Joint Australian/New Zealand Standard was prepared by Joint Technical Committee ME/29, Fasteners. It was approved on behalf of the Council of Standards Australia on 9 April 1996 and on behalf of the Council of Standards New Zealand on 12 April 1996. It was published on 5 June 1996.

The following interests are represented on Committee ME/29:

Australian Chamber of Commerce and Industry
 Bureau of Steel Manufacturers of Australia
 Electricity Supply Association of Australia
 Fasteners Institute of Australia
 Federal Chamber of Automotive Industries
 Metal Building Products Manufacturers Association
 Metal Trades Industry Association of Australia
 New Zealand Joinery Manufacturers Federation
 New Zealand Manufacturers Federation
 Transpower New Zealand

Review of Standards. To keep abreast of progress in industry, Joint Australian/New Zealand Standards are subject to periodic review and are kept up to date by the issue of amendments or new editions as necessary. It is important therefore that Standards users ensure that they are in possession of the latest edition, and any amendments thereto.

Full details of all Joint Standards and related publications will be found in the Standards Australia and Standards New Zealand Catalogue of Publications; this information is supplemented each month by the magazines 'The Australian Standard' and 'Standards New Zealand', which subscribing members receive, and which give details of new publications, new editions and amendments, and of withdrawn Standards.

Suggestions for improvements to Joint Standards, addressed to the head office of either Standards Australia or Standards New Zealand, are welcomed. Notification of any inaccuracy or ambiguity found in a Joint Australian/New Zealand Standard should be made without delay in order that the matter may be investigated and appropriate action taken.
