

AS/NZS 4494:1998

Australian/New Zealand Standard[®]

**Discharge of commercial and
industrial liquid waste to sewer—
General performance requirements**

Document Sharing Hub

AS/NZS 4494:1998

This Joint Australian/New Zealand Standard was prepared by Joint Technical Committee WS/30, Liquid Trade Waste. It was approved on behalf of the Council of Standards Australia on 25 July 1997 and on behalf of the Council of Standards New Zealand on 22 August 1997. It was published on 5 January 1998.

The following interests are represented on Committee WS/30:

Australian Chamber of Commerce and Industry
Australian Conservation Foundation
Brisbane Water
Chemical Industry Council of New Zealand
Department of Land and Water Conservation, N.S.W.
Local Government Office, Australia
South Australian Water Corporation
Sydney Water Corporation
Water Corporation Western Australia

Review of Standards. To keep abreast of progress in industry, Joint Australian/New Zealand Standards are subject to periodic review and are kept up to date by the issue of amendments or new editions as necessary. It is important therefore that Standards users ensure that they are in possession of the latest edition, and any amendments thereto.

Full details of all Joint Standards and related publications will be found in the Standards Australia and Standards New Zealand Catalogue of Publications; this information is supplemented each month by the magazines 'The Australian Standard' and 'Standards New Zealand', which subscribing members receive, and which give details of new publications, new editions and amendments, and of withdrawn Standards.

Suggestions for improvements to Joint Standards, addressed to the head office of either Standards Australia or Standards New Zealand, are welcomed. Notification of any inaccuracy or ambiguity found in a Joint Australian/New Zealand Standard should be made without delay in order that the matter may be investigated and appropriate action taken.
