## **Foreword**

*Insert the following as a new third paragraph.*

This Standard incorporates Amendment No. 1 (November 2014). The changes required by the amendment are indicated in the text by a marginal bar and amendment number against the clause, note, table, figure or part thereof affected. Where an application date other than immediate is applicable to an amendment the date of application (DOA) is indicated by the marginal bar against the part affected. Unless otherwise indicated, the application date of the changes introduced by Amendment 1 is 28 November 2016. Up until this date it is anticipated that regulatory authorities will approve UV water treatment appliances to AS/NZS 60335.2.109:2011 or AS/NZS 60335.2.109:2011 + A1:2014.

*Replace the existing fourth paragraph by the following.*

The text of IEC 60335-2-109 Ed 1 amendment 1, prepared by IEC Technical Committee 61, was submitted to the Standards Australia/Standards New Zealand Combine Procedure (dual public comment and committee vote) for adoption as an amendment to the Standards Australia/Standards New Zealand joint standard AS/NZS 60335.2.109:2011.

This Standard is an adoption with national modifications of the first edition of IEC 60335-2-109, *Household and similar electrical appliances – Safety – Part 2-109: Particular requirements for UV radiation water treatment appliances* including its amendment 1 (2013). It has been varied as indicated to take account of Australian and New Zealand conditions.

*Replace the existing ninth paragraph by the following.*

The national variations to the IEC 60335-2-109 Ed 1.1 form the Australian and New Zealand national variations for purposes of the IECEE scheme for recognition of results of testing to standards for safety of electrical equipment (the CB scheme).

*Replace the existing eleventh paragraph by the following.*

The text of the International Standard IEC 60335-2-109 Ed 1.1 was approved as a joint Australia/New Zealand Standard with the agreed national variations as given below.
