Committees responsible for this British Standard

The preparation of this British Standard was entrusted by the Building and Civil Engineering Sector Policy and Strategy Committee (B/-) to Technical Committee B/506, upon which the following bodies were represented:

- Association of British Solid Fuel Appliances Manufacturers
- British Flue and Chimney Manufacturers Association
- British Vermiculite Association
- Building Services Research and Information Association
- Clay Pipe Development Association Limited
- Consumer Policy Committee of BSI
- Department of the Environment, Transport and the Regions — Represented by the Building Research Establishment
- Department of the Environment, Transport and the Regions — Construction Directorate
- Institute of Domestic Heating and Environmental Engineers
- National Association of Chimney Sweeps
- National Association of Plumbing, Heating and Mechanical Services Contractors
- National House — Building Council
- Oil Firing Technical Association for the Petroleum Industry (Oftec)
- Society of British Gas Industries

The following bodies were also represented in the drafting of the standard, through sub-committees and panels:

HETAS Ltd

This British Standard, having been prepared under the direction of the Sector Committee for Building and Civil Engineering, was published under the authority of the Standards Board and comes into effect on 15 October 1999

© BSI 10-1999

First published October 1944
Second edition January 1961
Third edition June 1971
Fourth edition September 1989
