

Analysis of soaps —

Part 2: Quantitative test methods —

Section 2.3 Methods for determination of free caustic alkali content

[ISO title: Surface active agents — Analysis of soaps —
Determination of free caustic alkali]

UDC 661.18:620.193.423:543

Committees responsible for this British Standard

The preparation of this British Standard was entrusted by the Chemicals Standards Policy Committee (CIC/-) to Technical Committee CIC/34, upon which the following bodies were represented:

- Chemical Industries Association
- Consumer Policy Committee of BSI
- Department of the Environment
- Department of Trade and Industry (Laboratory of the Government Chemist)
- Ministry of Defence
- Royal Society of Chemistry
- Soap and Detergent Industry Association
- Society of Dyers and Colourists

This British Standard, having been prepared under the direction of the Chemicals Standards Policy Committee, was published under the authority of the Board of BSI and comes into effect on 31 July 1989
