BRITISH STANDARD 1723: 1951

BRAZING

BRITISH STANDARDS INSTITUTION

BRITISH STANDARD SPECIFICATION

BRAZING

B.S. 1723 : 1951

Price 3/- net, post free

BRITISH STANDARDS INSTITUTION

Incorporated by Royal Charter

24 VICTORIA STREET, LONDON, S.W.1

Telegrams : Standards, Sowest, London Telephone : Abbey 3333

THIS BRITISH STANDARD, having been approved by the Welding Industry Standards Committee and endorsed by the Chairman of the Engineering Divisional Council, was published under the authority of the General Council on 31st March, 1951.

The Institution desires to call attention to the fact that this British Standard does not purport to include all the necessary provisions of a contract.

In order to keep abreast of progress in the industries concerned, British Standards are subject to periodical review. Suggestions for improvements will be recorded and in due course brought to the notice of the committees charged with the revision of the standards to which they refer.

A complete list of British Standards, numbering over 1700, indexed and cross-indexed for reference, together with an abstract of each standard, will be found in the Institution's Yearbook, price 7s. 6d. post free.

This standard requires reference to the following British Standards :—

B.S.* Filler metals for brazing.
B.S. 1724.* Bronze welding by gas.
B.S. 1035-40. Raw copper.
B.S. 1172-4. Deoxidized and arsenical coppers.

British Standards are revised, when necessary, by the issue either of amendment slips or of revised editions. It is important that users of British Standards should ascertain that they are in possession of the latest amendments or edition.

CO-OPERATING ORGANIZATIONS

The Welding Industry Standards Committee, under whose supervision this British Standard was prepared, consists of representatives from the following Government departments and scientific and industrial organizations :—

- *Admiralty
- Aluminium Development Association
- Associated Offices Technical Committee
- Association of Consulting Engineers, Incorporated
- *British Acetylene Association
- British Constructional Steelwork Association
- *British Electrical and Allied Manufacturers Association
- British Iron and Steel Federation
- *British Railways, The Railway Executive
- British Welding Research Association
- Crown Agents for the Colonies
- *Institute of Welding
- Institution of Civil Engineers
- Institution of Electrical Engineers
- *Institution of Mechanical Engineers
- Institution of Structural Engineers
- *Lloyd's Register of Shipping
- Ministry of Health
- Ministry of Labour and National Service
- *Ministry of Supply
- National Physical Laboratory
- Shipbuilding Employers Federation
- Society of British Aircraft Constructors
- *War Office

The Government departments and scientific and industrial organizations marked with an asterisk in the above list, together with the following, were directly represented on the committee entrusted with the preparation of this British Standard :—

- Association of Heating, Ventilating and Domestic Engineering Employers
- British Cycle and Motor Cycle Manufacturers and Traders Union, Ltd.
- British Non-ferrous Metals Research Association
- Copper Development Association
- Institute of Heating and Ventilating Engineers
- Institute of Plumbers
- Ministry of Works
- Plumbers', Glaziers' and Domestic Engineers' Union
- Society of Motor Manufacturers and Traders, Ltd.
- Individual manufacturers
