

Method for

The determination of copper in aluminium and aluminium alloys

Confirmed
November 2011

Co-operating organizations

The Non-ferrous Metals Industry Standards Committee, under whose supervision this British Standard was prepared, consists of representatives from the following Government departments, and scientific and industrial organizations:—

Admiralty*	Institute of Metals
Aluminium Development Association	Institute of Mining and Metallurgy
Association of Bronze and Brass Founders	Institution of Mechanical Engineers
Association of Consulting Engineers,	(Automobile Division)
Incorporated	Institution of Structural Engineers
Association of Non-ferrous Metal Stockists	Lead Sheet and Pipe Manufacturers'
Brass and Copper Tube Association	Federation
Brass Wire Association	Light Metal Founders' Association*
British Bronze and Brass Ingot Manufacturers'	London Metal Exchange
Association	Manufactured Copper Association
British Electrical and Allied Manufacturers'	Ministry of Supply*
Association	National Brassfoundry Association
British Non-ferrous Metals Research	Nickel Silver Association
Association*	Office of the High Commissioner for India
Cable Makers' Association	Sheet Makers' Conference
Cold Rolled Brass and Copper Association	Society of British Aircraft Constructors
Copper Development Association	Tin Research Institute
Crown Agents for the Colonies	Wrought Light Alloys Association*
General Post Office	Zinc Development Association
High Conductivity Copper Association	Individual manufacturers*
Institute of British Foundrymen	

The Government departments and scientific and industrial organizations marked with an asterisk in the above list, together with the following, were directly represented on the sub-committee entrusted with the preparation of this British Standard:—

Department of the Government Chemist	ALAR (Association of Light Alloy Refiners)
Individual analysts	

This British Standard, having been approved by the Non-ferrous Metals Industry Standards Committee and endorsed by the Chairman of the Engineering Divisional Council, was published under the authority of the General Council on 31 March 1951
