

Method for

The determination of manganese in aluminium and aluminium alloys (Absorptiometric method) —

Methods for the analysis of
aluminium and aluminium alloys

Confirmed November 2011

Co-operating organizations

The Non-ferrous Metals Industry Standards Committee, under whose supervision this British Standard was prepared, consists of representatives from the following Government departments, and scientific and industrial organizations:—

Admiralty*	High Conductivity Copper Association
Aluminium Development Association*	Institute of British Foundrymen
Aluminium Industry Council*	Institute of Metals
Association of Bronze and Brass Founders	Institution of Mechanical Engineers
Association of Consulting Engineers,	(Automobile Division)
Incorporated	Institution of Mining and Metallurgy
Association of Non-ferrous Metal Stockists	Institution of Structural Engineers
Brass and Copper Tube Association	Lead Sheet and Pipe Manufacturers'
Brass Wire Association	Federation
British Bronze and Brass Ingot Manufacturers'	Light Metal Founders' Association*
Association	London Metal Exchange
British Electrical and Allied Manufacturers'	Manufactured Copper Association
Association	Ministry of Supply*
British Non-ferrous Metals Research	National Brassfoundry Association
Association*	Nickel Silver Association
Cable Makers' Association	Royal Institute of British Architects
Cold Rolled Brass and Copper Association	Society of British Aircraft Constructors
Copper Development Association	Society of Motor Manufacturers' and
Crown Agents for Oversea Governments and	Traders Ltd.
Administrations	Tin Research Institute
General Post Office	Zinc Development Association
High Commission of India	Individual manufacturers

The Government departments and scientific and industrial organizations marked with an asterisk in the above list, together with the following, were directly represented on the sub-committee entrusted with the preparation of this British Standard:—

ALAR (Association of Light Alloy Refiners)	Individual analysts
Department of the Government Chemist	

This British Standard, having been approved by the Non-ferrous Metals Industry Standards Committee and endorsed by the Chairman of the Engineering Divisional Council, was published under the authority of the General Council on 12 September 1957
