# Co-operating organizations

The Non-ferrous Metals Industry Standards Committee, under whose supervision this British Standard was prepared, consists of representatives from the following Government departments, and scientific and industrial organizations:

|                                                                           |                                                              |
|---------------------------------------------------------------------------|--------------------------------------------------------------|
| Aluminium Federation*                                                     | Institution of Mechanical Engineers<br>(Automobile Division) |
| Association of Bronze and Brass Founders                                  | Institution of Mining and Metallurgy                         |
| Association of Consulting Engineers                                       | Institution of Production Engineers                          |
| Board of Trade                                                            | Institution of Structural Engineers                          |
| British Bronze and Brass Ingot<br>Manufacturers' Association              | Lead Development Association                                 |
| British Electrical and Allied Manufacturers'<br>Association               | Light Metal Founders' Association*                           |
| British Lead Manufacturers' Association                                   | London Metal Exchange                                        |
| British Non-ferrous Metals Federation                                     | Magnesium Industry Council                                   |
| British Non-ferrous Metals Federation —<br>High Conductivity Copper Group | Ministry of Defence, Army Department*                        |
| British Non-ferrous Metals Research<br>Association*                       | Ministry of Defence, Navy Department*                        |
| Copper Development Association                                            | National Brassfoundry Association                            |
| Crown Agents for Oversea Governments and<br>Administrations               | Non-ferrous Metal Stockists                                  |
| Electric Cable Makers' Confederation                                      | Post Office                                                  |
| Institute of British Foundrymen                                           | Royal Institute of British Architects                        |
| Institute of Metals                                                       | Society of Motor Manufacturers and Traders<br>Ltd.           |
|                                                                           | Tin Research Institute                                       |
|                                                                           | Zinc Development Association                                 |
|                                                                           | Individual manufacturers                                     |

The Government departments and scientific and industrial organizations marked with an asterisk in the above list, together with the following, were directly represented on the sub-committee entrusted with the preparation of this British Standard:

|                                                                  |                     |
|------------------------------------------------------------------|---------------------|
| Association of Light Alloy Refiners and<br>Smelters Ltd.         | Individual analysts |
| Ministry of Technology — Laboratory of the<br>Government Chemist |                     |

This British Standard, having been approved by the Non-ferrous Metals Industry Standards Committee, was published under the authority of the Executive Board on 31 December 1968
