

Method for

**The determination of
zinc in aluminium and
aluminium alloys
(Ion-exchange-
volumetric EDTA or
polarographic
method) —**

**Methods for the analysis of aluminium
and aluminium alloys**

Confirmed November 2011

Co-operating organizations

The Non-ferrous Metals Industry Standards Committee, under whose supervision this British Standard was prepared, consists of representatives from the following Government departments and scientific and industrial organizations:

Aluminium Federation*	Institution of Mining and Metallurgy
Association of Bronze and Brass Founders	Institution of Production Engineers
Association of Consulting Engineers	Institution of Structural Engineers
Board of Trade	Lead Development Association
British Bronze and Brass Ingot Manufacturers' Association	Light Metal Founders' Association*
British Electrical and Allied Manufacturers' Association	London Metal Exchange
British Lead Manufacturers' Association	Magnesium Industry Council
British Non-ferrous Metals Federation	Ministry of Defence, Army Department*
British Non-ferrous Metals Federation — High Conductivity Copper Group	Ministry of Defence, Navy Department*
British Non-ferrous Metals Research Association*	National Brassfoundry Association
Copper Development Association	Non-ferrous Metal Stockists
Crown Agents for Oversea Governments and Administrations	Post Office
Electric Cable Makers' Confederation	Royal Institute of British Architects
Institute of British Foundrymen	Society of British Aerospace Companies Ltd.
Institute of Metals	Society of Motor Manufacturers and Traders Ltd.
Institution of Mechanical Engineers (Automobile Division)	Tin Research Institute
	Zinc Development Association
	Individual manufacturers

The Government departments and scientific and industrial organizations marked with an asterisk in the above list, together with the following, were directly represented on the sub-committee entrusted with the preparation of this British Standard:

Association of Light Alloy Refiners and Smelters Ltd.	Ministry of Technology — Laboratory of the Government Chemist
	Individual analysts

This British Standard, having been approved by the Non-ferrous Metals Industry Standards Committee, was published under the authority of the Executive Board on 12 February 1970
