

Method for

The determination of zinc in copper alloys —

Methods for the analysis of copper
alloys

Co-operating organizations

The Non-ferrous Metals Industry Standards Committee, under whose supervision this British Standard was prepared, consists of representatives from the following Government departments and scientific and industrial organizations:

Admiralty	Institution of Mechanical Engineers (Automobile Division)
Aluminium Development Association*	Institution of Mining and Metallurgy
Aluminium Industry Council	Institution of Structural Engineers
Association of Bronze and Brass Founders*	Lead Development Association
Association of Consulting Engineers (Incorporated)	Light Metal Founders' Association
British Bronze and Brass Ingot Manufacturers' Association*	London Metal Exchange
British Electrical and Allied Manufacturers' Association	Magnesium Industry Council
British Lead Manufacturers' Association	Ministry of Aviation
British Non-ferrous Metals Federation	Ministry of Transport
British Non-ferrous Metals Research Association*	National Brassfoundry Association
Cable Makers' Association	Non-ferrous Metal Stockists
Copper Development Association	Post Office
Crown Agents for Oversea Governments and Administrations	Royal Institute of British Architects
High Commission of India	Society of British Aircraft Constructors
High Conductivity Copper Association	Society of Motor Manufacturers and Traders Ltd.
Institute of British Foundrymen	Tin Research Institute
Institute of Metals	War Office*
	Zinc Development Association
	Individual manufacturers

The Government departments and scientific and industrial organizations marked with an asterisk in the above list, together with the following, were directly represented on the sub-committee entrusted with the preparation of this British Standard:

D.S.I.R. — Laboratory of the Government Chemist	Individual analysts
--	---------------------

This British Standard, having been approved by the Non-ferrous Metals Industry Standards Committee and endorsed by the Chairman of the Engineering Divisional Council, was published under the authority of the General Council on 21 February 1963
