

Testing concrete —

Part 116: Method for determination of compressive strength of concrete cubes

UDC 666.972.017:691.32:620.1

Cooperating organizations

The Cement, Gypsum, Aggregates and Quarry Products Standards Committee, under whose direction this British Standard was prepared, consists of representatives from the following:

Association of Consulting Engineers	*Department of Transport
Association of County Councils	*Federation of Civil Engineering Contractors
Association of District Councils	Gypsum Products Development Association
Association of Metropolitan Authorities	Institute of Quarrying
Autoclaved Aerated Concrete Products Association	*Institution of Civil Engineers
*British Precast Concrete Federation Ltd.	*Institution of Highway Engineers
*British Quarrying and Slag Federation	*Institution of Municipal Engineers
British Railways Board	Institution of Public Health Engineers
*British Ready Mixed Concrete Association	*Institution of Structural Engineers
British Steel Industry	*Institution of Water Engineers and Scientists
Cement Admixtures Association	*National Federation of Building Trades
*Cement and Concrete Association	Employers
*Cement Makers' Federation	Natural Environment Research Council
Chemical Industries Association	(Institute of Geological Science)
*Concrete Society Limited	*Royal Institute of British Architects
*County Surveyors' Society	*Royal Institution of Chartered Surveyors
*Department of the Environment	Sand and Ballast Hauliers and Allied Trades
(Building Research Establishment)	Alliance
*Department of the Environment (PSA)	*Sand and Gravel Association Limited
*Department of the Environment (Transport and Road Research laboratory)	*Society of Chemical Industry
	Stone Federation

The organizations marked with an asterisk in the above list, together with the following, were directly represented on the Technical Committee entrusted with the preparation of this British Standard:

British Civil Engineering Test Equipment Manufacturers' Association	Greater London Council
Electricity Supply Industry in England and Wales	Institute of Concrete Technology
	Coopted member

This British Standard, having been prepared under the direction of the Cement, Gypsum, Aggregates and Quarry Products Standards Committee, was published under the authority of the Board of BSI and comes into effect on 31 January 1983.
