

Specification for

Person weighing machines and height-measuring equipment for hospitals, welfare and health services

Co-operating organizations

The Mechanical Engineering Industry Standards Committee, under whose supervision this British Standard was prepared, consists of representatives from the following Government departments and scientific and industrial organizations:

Associated Offices' Technical Committee	Institution of Gas Engineers
Association of Consulting Engineers	Institution of Heating and Ventilating Engineers
Association of Mining Electrical and Mechanical Engineers	Institution of Mechanical Engineers
Board of Trade*	Institution of Mechanical Engineers (Automobile Division)
British Chemical Plant Manufacturers' Association	Institution of Production Engineers
British Compressed Air Society	Locomotive and Allied Manufacturers' Association of Great Britain
British Electrical and Allied Manufacturers' Association	London Transport Board
British Gear Manufacturers' Association	Machine Tool Trades Association
British Internal Combustion Engine Manufacturers' Association	Ministry of Defence, Army Department
British Iron and Steel Federation	Ministry of Defence, Navy Department
British Mechanical Engineering Federation	Ministry of Labour (H.M. Factory Inspectorate)
British Railways Board	Ministry of Power
Crown Agents for Oversea Governments and Administrations	Ministry of Public Building and Works
Electricity Council, the Generating Board and the Area Boards in England and Wales	Ministry of Technology — National Engineering Laboratory
Engineering Equipment Users' Association	Ministry of Transport
Gas Council	National Coal Board
Institute of Marine Engineers	National Physical Laboratory (Ministry of Technology)
Institution of Civil Engineers	Radio Industry Council
	Royal Institute of British Architects

The Government department marked with an asterisk in the above list, together with the following, were directly represented on the committee entrusted with the preparation of this British Standard:

Department of Education and Science	National Union of Teachers
Greater London Council	Scottish Education Department
Institute of Weights and Measures Administration	Scottish Home and Health Department
Ministry of Health	Society of Medical Officers of Health
National Federation of Scale and Weighing Machine Manufacturers	

This British Standard, having been approved by the Mechanical Engineering Industry Standards Committee and endorsed by the Chairman of the Engineering Divisional Council, was published under the authority of the General Council on 30 November 1966
