

Testing the strength of yarns and threads from packages —

Part 2: Methods for determination of knot strength and loop strength

Committees responsible for this British Standard

The preparation of this British Standard was entrusted by the Textiles and Clothing Standards Committee (TCM/-) to Technical Committee TCM/24, upon which the following bodies were represented:

- Association of Consulting Scientists
- British Polyolefin Textiles Association
- British Textile Employers' Association
- Confederation of British Wool Textiles Limited
- International Wool Secretariat
- Man-made Fibres Producers' Committee
- Ministry of Defence
- SATRA Footwear Technology Centre
- Soap and Detergent Industry Association
- Society of Dyers and Colourists
- Society of Motor Manufacturers and Traders Limited
- Textile Institute
- Textile Research Council

This British Standard, having been prepared under the direction of the Textiles and Clothing Standards Committee, was published under the authority of the Board of BSI and comes into effect on 31 March 1989
