

Fungal resistance of panel products made of or containing materials of organic origin —

Part 0: Guide to methods for determination

Confirmed
November 2008

Committees responsible for this British Standard

The preparation of this British Standard was entrusted by the Wood Preservation Standards Policy Committee (WPC/-) to Technical Committee WPC/10, upon which the following bodies were represented:

- Association of Consulting Scientists
- British Pest Control Association
- British Wood Preserving and Damp-proofing Association
- Chemical Industries Association
- Department of the Environment (Building Research Establishment)
- Timber Research and Development Association

This British Standard, having been prepared under the direction of the Wood Preservation Standards Policy Committee, was published under the authority of the Board of BSI and comes into effect on 3 1 October 1990

© BSI 08-1999

First published as BS 1982 June 1953
Second edition September 1968
Third edition as BS 1982-0 October 1990
