

Glossary for Gears —

Part 2: Notation

[ISO title: International gear notation — Symbols for geometrical data]

UDC 003.62:621.833:531.7

Cooperating organizations

The Mechanical Engineering Industry Standards Committee, under whose supervision this British Standard was prepared, consists of representatives from the following Government departments and professional and industrial organizations:

Associated Offices Technical Committee	Engineering Equipment Users' Association*
Association of Consulting Engineers*	Federation of Manufacturers of Construction Equipment and Cranes
Association of Hydraulic Equipment Manufacturers Ltd.	Health and Safety Executive, HM Factory Inspectorate
Association of Mining Electrical and Mechanical Engineers	Institution of Gas Engineers
British Compressed Air Society	Institution of Heating and Ventilating Engineers
British Electrical and Allied Manufacturers' Association	Institution of Mechanical Engineers*
British Gas Corporation	Institution of Plant Engineers
British Gear Manufacturers' Association*	Institution of Production Engineers*
British Internal Combustion Engine Manufacturers' Association	London Transport Executive
British Mechanical Engineering Confederation	Machine Tool Trades Association*
British Pump Manufacturers' Association	Ministry of Defence*
British Steel Corporation	National Coal Board*
British Steel Industry	Process Plant Association
Crown Agents for Oversea Governments and Administrations	Railway Industry Association of Great Britain
Department of the Environment	Royal Institute of British Architects
Department of Industry	Society of Motor Manufacturers and Traders Ltd.*
Department of Industry — National Engineering Laboratory*	Telecommunication Engineering and Manufacturing Association
Department of Trade	Water Tube Boilermakers' Association
Electricity Supply Industry in England and Wales	

The Government department and scientific and industrial organizations marked with an asterisk in the above list, together with the following, were directly represented on the committee entrusted with the preparation of this British Standard:

British Horological Institute	North East Coast Institution of Engineers and Shipbuilders
British Railways Board	Precision Gear Association (BEAMA)
Electronic Engineering Association	Individual experts
Institute of British Foundrymen	
Milling Cutter and Reamer Association	
Navy and Vickers Gearing Research Association	

This British Standard, having been prepared under the direction of the Mechanical Engineering Standards Committee, was published under the authority of the Executive Board on 30 November 1976
