First published, October 1956

First revision, August 1963

Second (Metric) revision, March 1974

ISBN: 0 580 07551 6

Copyright

Users of British Standards are reminded that copyright subsists in all BSI publications. No part of this publication may be reproduced in any form without the prior permission in writing of BSI. This does not preclude the free use, in the course of implementing the standard, of necessary details such as symbols and size, type or grade designations. Enquiries should be addressed to the BSI Secretariat.

Contract requirements

Attention is drawn to the fact that this British Standard does not purport to include all the necessary provisions of a contract.

Revision of British Standards

In order to keep abreast of progress in the industries concerned, British Standards are subject to periodical review. Suggestions for improvements will be recorded and in due course brought to the notice of the committees charged with the revision of the standards to which they refer.

British Standards are revised, when necessary, by the issue either of amendment slips or of revised editions. **It is important that users of British Standards should ascertain that they are in possession of the latest amendments or editions.** Full information on all BSI publications, numbering over 6000, will be found in the *British Standards Yearbook*. This information is supplemented by details published each month in *BSI News* of new publications, revisions and amendments.

BSI News is available to Subscribing Members of the Institution. All other publications may be purchased direct from Sales Department. Enquiries concerning subscribing membership, which has considerable advantages, will be welcomed, and should be made to Subscriptions Department. Both departments are located at:

101 Pentonville Road, London N1 9ND (Telephone 01-837 8801 ; Telex 23218).

Co-operating organizations

The Asbestos and Asbestos-Cement Building Products Industry Standards Committee, under whose supervision this British Standard was prepared, consists of representatives of the following Government department and scientific and industrial organizations:

- | | |
|---|--|
| * Asbestos Cement Manufacturers' Association | Institution of Structural Engineers |
| Concrete Society | * National Federation of Building Trades Employers |
| * Department of the Environment – Building Research Establishment | * National Federation of Builders' and Plumbers' Merchants |
| Incorporated Association of Architects and Surveyors | * National Federation of Roofing Contractors |
| Institution of Civil Engineers | Royal Institute of British Architects |
| Institution of Municipal Engineers | Royal Society for the Promotion of Health |
| | The Royal Institution of Chartered Surveyors |

The Government department and scientific and industrial organizations marked with an asterisk in the above list, together with the following, were directly represented on the committee entrusted with the preparation of this standard:

- | | |
|--|--------------------------------|
| British Waterworks Association | Institution of Water Engineers |
| Institute of Plumbing | Water Companies Association |
| Institution of Heating and Ventilating Engineers | Individual manufacturers |
