

Methods of testing

Plastics —

Part 3: Mechanical properties —

Method 340A: Determination of shear strength of moulding material —

Method 340B: Determination of shear strength of sheet material

IMPORTANT NOTE. Before reading this method it is essential to read the foreword, general introduction and instructions to BS 2782, issued separately.

UDC 678.5/.8:678.01:620.176.2:539.415.2

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, pages 1 to 4 and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.

This British Standard, having been prepared under the direction of the Plastics Standards Committee, was published under the authority of the Executive Board on 30 June 1978
