

Copper-beryllium alloy strip, foil and parts (solution treated, cold rolled: quarter hard and precipitation treated)

ICS 49.025.15; 49.035

Committees responsible for this British Standard

The preparation of this British Standard was entrusted to Technical Committee ACE/16, Wrought and cast copper alloys and miscellaneous metallic materials for aerospace, upon which the following bodies were represented:

- British Non-Ferrous Metals Federation
- Copper Development Association
- Ministry of Defence
- Society of British Aerospace Companies Ltd.

This British Standard, having been prepared under the direction of the Engineering Sector Policy and Strategy Committee, was published under the authority of the Standards Policy and Strategy Committee on 19 December 2001
