

Aircraft — Nickel-chromium and nickel-aluminium thermocouple extension cables

Part 2: Terminations — General requirements and tests

National foreword

This British Standard is the UK implementation of ISO 8056-2:1988+A1:2016. It supersedes ISO 8056-2:1988 (dual numbered as BS 2G 215-2:1989) which is withdrawn.

The preparation of this British Standard was entrusted to Technical Committee ACE/6, Aerospace avionic electrical and fibre optic technology.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard, having been prepared under the direction of the Aerospace Standards Policy Committee, was published under the authority of the Board of BSI and comes into effect on 30 November 1989
