

Specification for

**Precipitation
hardening
chromium-nickel-
copper-molybdenum
steel
castings (1250 MPa)
(Cr 14.0, Ni 4.5, Cu 2.5,
Mo 1.5)**

ICS 49.025.10

Committees responsible for this British Standard

The preparation of this British Standard was entrusted by the Aerospace Standards Policy Committee (ACE/-) to Technical Committee ACE/15, upon which the following bodies were represented:

British Forging Industry Association
British Independent Steel Producers' Association
British Industrial Fasteners Federation
British Investment Casting Trade Association
British Steel Industry
British Steel Industry (Wire Section)
Civil Aviation Authority (Airworthiness Division)
Institute of British Foundrymen
Ministry of Defence
National Association of Steel Stockholders
Rolls-Royce Ltd.
Seamless Steel Tube Association
Society of British Aerospace Companies Ltd.
Steel Casting Research and Trade Association

This British Standard, having been prepared under the direction of the Aerospace Standards Policy Committee, was published under the authority of the Board of BSI and comes into effect on 31 January 1990
