

Ingots (as cast) and castings (solution treated and artificially aged) of aluminium-silicon-magnesium alloy (Si 7, Mg 0.6)

ICS 49.025.20

Committees responsible for this British Standard

The preparation of this British Standard was entrusted to Technical Committee ACE/24, Wrought and cast light alloys for aerospace, upon which the following bodies were represented:

- Aluminium Federation
- Aluminium Stockholders Association
- Association of Light Alloy Refiners Limited
- BNF Metals Technology Centre
- British Forging Industry Association
- British Industrial Fasteners Federation
- British Investment Casting Trade Association
- Institute of British Foundrymen
- Light Metal Founders' Association
- Magnesium Industry Council
- Ministry of Defence
- Society of British Aerospace Companies Limited

This British Standard, having been prepared under the direction of the Engineering Sector Policy and Strategy Committee, was published under the authority of the Standards Policy and Strategy Committee on 18 June 2002

© BSI 18 June 2002

First published January 1986
Second edition June 2002
