Committees responsible for this British Standard

The preparation of this British Standard was undertaken by the Aerospace Standards Policy Committee (ACE/-) upon which the following bodies were represented:

- British Airways
- Department of Trade and Industry (Air Division)
- Institution of Electrical Engineers
- Ministry of Defence
- Society of British Aerospace Companies

This British Standard, having been prepared under the direction of the Aerospace Standards Policy Committee, was published under the authority of the Standards Board and comes into effect on 15 August 1993

© BSI 10-1999

First published February 1987
Second edition August 1993

National foreword

This British Standard has been prepared under the direction of the Aerospace Standards Policy Committee. It is identical with ISO 7320:1992 *Aerospace — Couplings, threaded and sealed, for fluid systems — Dimensions*, published by the International Organization for Standardization (ISO). This British Standard supersedes BS M 63:1987, which is withdrawn.

Cross-reference

The Technical Committee has reviewed the provisions of ISO 5855-3:1988, to which normative reference is made in the text, and has decided that they are acceptable for use in conjunction with this standard.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, pages 1 to 6, an inside back cover and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.
