

Chromium-vanadium steel wire rod, wire and springs — High duty ground wire — Hardened and tempered — Specification

ICS 49.025.10

Confirmed December 2009

Committees responsible for this British Standard

The preparation of this British Standard was entrusted by ACE/61, Metallic materials for aerospace to Technical Committee ACE/61/-/15, Steels, upon which the following bodies were represented:

Cast Metals Federation

Civil Aviation Authority — Airworthiness

Confederation of British Metalforming

Institute of Spring Technology

Ministry of Defence — UK Defence Standardization

Society of British Aerospace Companies Ltd.

UK Steel Association

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 14 December 2004
