Committees responsible for this British Standard

The preparation of this British Standard was entrusted to Technical Committee CH/20, Medical measuring vessels, upon which the following bodies were represented:

- Association of the British Pharmaceutical Industry
- British Glass Manufacturers' Confederation
- British Medical Association
- Department of Health
- Guild of Hospital Pharmacists
- Medical Sterile Products Association
- National Association of Health Care Supplies Managers
- National Pharmaceutical Association
- Paediatric Pharmacists' Group
- Pharmaceutical Services Negotiating Committee
- Royal Pharmaceutical Society of Great Britain
- Royal Society of Medicine
- Scottish Pharmaceutical Federation

This British Standard, having been prepared under the direction of the Health and Environment Sector Board, was published under the authority of the Standards Board and comes into effect on 15 November 1995

Foreword

This Part of BS 3221 has been prepared by Technical Committee CH/20 and supersedes BS 3221-7:1986 which will be withdrawn on 1st May 1996.

This revision introduces the addition of the 2.5 ml mark on the 5 ml syringe.

It also clarifies the test method for the determination of the capacity of a syringe given in Annex C.

Other current Parts of BS 3221 are as follows.

— *Part 1: Specification for medicine measures of 50 mL total graduated capacity;*

— *Part 6: Specification for free-standing plastics medicine measuring spoons of 5 mL capacity.*

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, pages 1 to 6, an inside back cover and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.
