

Specification for

Magnesium-activated nickel for cathodes of electronic tubes and valves

Co-operating organizations

The Telecommunication Industry Standards Committee under whose supervision this British Standard was prepared, consists of representatives from the following Government departments and scientific and industrial organizations:

- Admiralty*
- British Broadcasting Corporation*
- British Electrical and Allied Industries Research Association
- British Electrical and Allied Manufacturers' Association
- British Radio Equipment Manufacturers' Association*
- British Radio Valve Manufacturers' Association*
- British Transport Commission
- Cable & Wireless Ltd.
- D.S.I.R. — Radio Research Station
- Electrical Contractors Association Inc.
- Electricity Council, the Generating Board and the Area Boards in England and Wales
- Electronic Engineering Association*
- Electronic Valve and Semiconductor Manufacturers' Association*
- Institution of Electrical Engineers
- Ministry of Aviation*
- Ministry of Labour (Factory Inspectorate)
- Post Office*
- Radio and Electronic Component Manufacturers' Federation*
- Radio Industry Council
- Relay Services Association of Great Britain
- Telecommunication Engineering and Manufacturing Association

The Government departments and scientific and industrial organizations marked with an asterisk in the above list together with the following were directly represented on the Committee entrusted with the preparation of this standard:

- British Institution of Radio Engineers
- British Plastics Federation
- Inter Services' Technical Valve Committee
- Individual Manufacturers

This British Standard, having been approved by the Telecommunication Industry Standards Committee and endorsed by the Chairman of the Engineering Divisional Council, was published under the authority of the General Council on 4 May 1962
