

Steel wire for hose reinforcement —

Part 1: Specification for coated round and flat steel wire for rubber hose reinforcement

UDC 669.14.0569 – 426:621.643.33:678.4.029.4

Committees responsible for this British Standard

The preparation of this British Standard was entrusted by the Iron and Steel Standards Committee (ISM/-) to Technical Committee ISM/26, upon which the following bodies were represented:

- British Steel Industry
- British Steel Industry (Wire Section)
- British Wire Netting Association
- Fencing Contractors' Association
- Institute of Quality Assurance
- Society of Chain Link Fencing Manufacturers
- Welding Manufacturers' Association (BEAMA Ltd.)

The following body was also represented in the drafting of the standard, through subcommittees and panels:

- British Rubber Manufacturers' Association

This British Standard, having been prepared under the direction of the Iron and Steel Standards Committee, was published under the authority of the Board of BSI and comes into effect on 31 March 1986
