Foreword

This Part of BS 3592 has been prepared under the direction of the Iron and Steel Standards Policy Committee and is a revision of BS 3592-2:1986 which is superseded and withdrawn.

In this revision the dimensions and mechanical properties specified have been updated in line with current practice. Appendix A is included for mill wire cast measurement.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.
