

Method for

The sampling of ingot zinc, zinc alloy ingots and zinc alloy die castings for spectrographic analysis —

Methods for the sampling and analysis
of zinc and zinc alloys

Co-operating organizations

The Non-ferrous Metals Industry Standards Committee, under whose supervision this British Standard was prepared, consists of representatives from the following Government departments and scientific and industrial organizations:

Admiralty*	Institution of Mining and Metallurgy
Aluminium Federation	Institution of Structural Engineers
Association of Bronze and Brass Founders	Lead Development Association
Association of Consulting Engineers	Light Metal Founders' Association
(Incorporated)	London Metal Exchange*
British Bronze and Brass Ingot Manufacturers' Association	Magnesium Industry Council
British Electrical and Allied Manufacturers' Association*	Ministry of Aviation
British Non-ferrous Metals Federation*	Ministry of Transport
British Non-ferrous Metals Research Association*	National Brassfoundry Association
Cable Maker's Association	Non-ferrous Metal Stockists
Copper Development Association	Post Office*
Crown Agents for Oversea Governments and Administrations	Royal Institute of British Architects
High Commission of India	Society of British Aircraft Constructors
High Conductivity Copper Association	Society of Motor Manufacturers and Traders Ltd.*
Institute of British Foundrymen	Tin Research Institute
Institute of Metals*	War Office*
Institution of Mechanical Engineers (Automobile Division)	Zinc Development Association*
	Individual manufacturers

The Government departments and scientific and industrial organizations marked with an asterisk in the above list, together with the following, were directly represented on the committee entrusted with the preparation of this British Standard:

D.S.I.R. — Laboratory of the Government Chemist	Sheet Makers' Conference
Hot Dip Galvanizers' Association	Zinc Alloy Die Casters' Association
Institute of Iron and Steel Wire Manufacturers	Zinc Pigment Development Association
Institute of Sheet Metal Engineering	Individual analysts

This British Standard, having been approved by the Non-ferrous Metals Industry Standards Committee and endorsed by the Chairman of the Engineering Divisional Council, was published under the authority of the General Council on 12 August 1963
